A NEW SENSATION HAS ARRIVED IN GANDÍA EVEN FOR THE LA SAFOR REGION; THE SIAM TRADITIONAL FOOT MASSAGE SALON AT CENTRO GANDÍA

The professional therapists, Pun and Solo, straight from the famous Wat Po temple in Thailand, are waiting for you. After years and years of experience in The Netherlands, they have finally come to Gandía to offer their service, unique in La Safor. Experience Thailand's traditional foot massage in an environment which takes you deep into the heart of the Thai Asian culture. You must try and experience the foot massages (with or without reflexive therapy) in a relaxing, comfortable environment. For just a very low price you can feel alive and stress free once again. Pun and Solo also provide 'Chair Massage' (head, neck, shoulders, arms, etc).

Especially in these stressful times Pun and Solo can help you relieve the tiredness in your feet or upper body. They do not give full body massages because they specialise in foot massages. They love what they do and they are known for being the best at what they do. Before the foot massage session, Pun and Solo begin the treatment with an ethereal oil soothing footbath.

Pun or Solo will take a seat in front of you while you're, laying on your back with your feet stretched out, sitting in a very comfy chair specially designed for the massage. Every session is a unique experience. Treatment does not require any tools to apply pressure, they apply pressure using solely their hands and they treat those points that are causing you to be in constant stress. Once these points are treated, your well-being is restored.

You will feel better in less than an hour

The treatment lasts about 30 minutes to an hour. In some cases people start feeling well after one session but it is recommended that you have at least one session per month to achieve better results and maintain a good healthy a life.

Reflexology relieves stress
